

## **Water Resources Planner**

### **Description**

Blanton & Associates, Inc. seeks a Planner for our water resources group in our Austin or San Antonio, Texas, offices. This position will assist with providing consulting services for surface water and groundwater resources planning projects, including strategic planning, data analysis, writing reports, interpreting the foundation of environmental regulations, supporting public involvement, and project management services.

Responsibilities will include:

- Lead or assist team with complex water resources planning and other projects.
- Lead or assist team with environmental and cultural resources project analysis.
- Lead or assist with writing and preparing technical reports.
- Lead or assist with presentations and public involvement.
- Research and conduct technical analyses of environmental impacts.
- Identify planning strategies.

### **Qualifications**

Advanced degree in water resources planning, environmental planning or management, or similar discipline preferred and may be substituted for experience; or

A bachelor's degree in water resources planning, environmental planning or management, or similar discipline, plus 3-5 years relevant professional work experience.

An interest in pursuing AICP certification is a plus.

Local candidates are preferred.

Computer skills should include the MS Office Suite. Excellent technical writing and communication skills required. (A writing sample may be requested.)

Please send cover letter, resume, and three professional references to [jobs@blantonassociates.com](mailto:jobs@blantonassociates.com). Position is open until filled. We thank all applicants for their interest; however only those selected for an interview will be contacted. No phone calls, please.

### **Compensation**

This is a full time, salaried position with medical, dental, and vision insurance provided. A 401(k) plan with profit sharing is included in the benefit package. Pay commensurate with experience.

### **Company Description**
