

## **Wildlife Biologist – Wildlife Monitoring**

### **Description**

Blanton & Associates, Inc. seeks a wildlife biologist for a full-time, daily outdoor wildlife monitoring position in the renewable energy sector. Position available in western Oklahoma. Position will last for 6 to 12 months, with a strong opportunity for wildlife biology/environmental science career advancement. Identify and record fauna using electronic and on-line applications. Routinely advise facility managers and company staff on wildlife and facility conditions.

### **Qualifications**

Requirements: A bachelor's degree in Wildlife Biology or related field. Must be able to conduct field work in remote locations and be comfortable in the field environment. Relocation to project areas required unless nearby resident.

Skills: 2+ years relevant field experience. Preference will be given to candidates with additional practical experience. Experience with GIS and GPS technologies required. Computer skills should include the MS Office Suite. Excellent verbal and written communication skills required.

Please send cover letter, resume, and three professional references to [jobs@blantonassociates.com](mailto:jobs@blantonassociates.com). Position is open until filled. We thank all applicants for their interest; however, only those selected for an interview will be contacted. No phone calls, please.

### **Compensation**

This is a full time, hourly position. Excellent compensation.
