

Wildlife Biologist

Description

Blanton & Associates, Inc. seeks a wildlife biologist to assist with field work based from our Austin, Texas, office. This position involves assisting botanists, wildlife biologists, and wetland specialists. Duties include conducting avian point count surveys, vegetation surveys, wetland delineations, and data entry, and preparing technical reports.

Qualifications

Requirements: A bachelor's degree in Biology, Environmental Science, Ecology, Botany, or related field. Must be able to conduct field work in remote locations and be comfortable in the field environment. Must be able to compose technical reports from the results of field investigations. Willing to learn company procedures. Local candidates are preferred.

Skills: 2+ years relevant professional work experience. Preference will be given to candidates with additional practical experience. Work experience should include conducting avian point count surveys, evaluating wildlife habitat, wildlife monitoring, plant surveys, wetland delineations, and data collection, preferably in Texas. Experience with GPS technologies required. Computer skills should include the MS Office Suite. Excellent verbal and written communication skills required.

Please send cover letter, resume, and three professional references to jobs@blantonassociates.com. Position is open until filled. We thank all applicants for their interest; however, only those selected for an interview will be contacted. No phone calls, please.

Compensation

This is a full time, salaried position. Pay commensurate with experience.
